

CCDC Inject

INJECT NAME	Create a Guideline for Users to Develop Secure Passwords
INJECT ID	LEGP10T

INJECT DESCRIPTION:

Create a Guideline that can be distributed to users which describes a way to compose secure passwords. Stress the importance of using secure passwords, then provide a method for which this can be done, in a practical way, by any user. Include password length and key space size components. Provide examples on how secure passwords can be generated.

INJECT DELIVERABLE

Develop a Guideline document that meets these requirements.
